Сведения об объекте сопровождения

Заказчик: Республиканское государственное предприятие на праве хозяйственного ведения «Информационно-аналитический центр охраны окружающей среды» Министерства экологии, геологии и природных ресурсов Республики Казахстан.

Поставщик: ТОО «Application Xpress».

Цели оказания услуги:

Целью оказания услуг является поддержка объектов ИТ-инфраструктуры Заказчика, обеспечивающих функционирование информационной системы «Государственные кадастры природных ресурсов РК» (далее – ИС) в работоспособном состоянии, а также обеспечение информационной безопасности в процессе ее эксплуатации и модификации согласно требованиям законодательства РК в сфере информатизации.

Описание информационной системы

ИС «Государственные кадастры природных ресурсов» представляет собой систематизированный свод информации о количественных и качественных показателях природных ресурсов. Основная цель ИС «ГКПР РК» - общегосударственный комплексный учет природных ресурсов РК и стандартизация способов накопления, хранения и обработки природоресурсной информации на основе использования современных программно-технических средств.

Информационная система включает лесной кадастр, кадастр ООПТ, животного мира и рыбных ресурсов, земельный кадастр, информация по которым включает динамические данные по 4830 объектам.

Базы данных кадастров хранят описания кадастровых объектов, их количественные и качественные характеристики. Набор показателей основан на выборке из форм отраслевых кадастров.

В лесном кадастре имеются данные по распределению и оценке лесного фонда по категориям государственного лесного фонда и угодьям; распределению и оценке покрытых лесом угодий по преобладающим породам и группам возраста, сведения о запасах древесины; воспроизводстве лесов и лесоразведении, недревесных ресурсах в государственном лесном фонде.

В кадастре ООПТ учету подлежат редкие и находящиеся под угрозой исчезновения виды растений и животных; административно-организационные данные; природно-географические характеристики объектов.

В кадастре животного мира (по видам животных, являющихся объектом охоты) учету подлежат животные, отнесенные к объектам охоты и используемые в иных хозяйственных целях; характеристика хозяйств, данные об охотустройствах хозяйств, данные учета животного мира.

В кадастре животного мира (по рыбам и другим водным животным) ведется сбор сведений о перечне обитающих рыб; хозяйственная характеристика водоема (участка); показатели хозяйственной деятельности, рекомендации по кормовой базе водоемов, размерно-весовой состав рыб.

Источником данных по указанным кадастрам являются областные территориальные инспекции Комитета лесного хозяйства и животного мира и Комитета рыбного хозяйства МЭГПР РК.

Картографический материал ИС включает в себя тематические слои по кадастрам, а также топографическую основу территории Казахстана в масштабах 1:1000000 и 1:200000. Тематические слои кадастров включают ареалы распространения видов древесных пород, ареалы распространения видов животных, границы государственных учреждений лесного хозяйства, охотничьих хозяйств, особо охраняемых природных территорий, рыбных хозяйств.

В рамках оказания услуг ТОО «Application Xpress» обеспечивает бесперебойное круглосуточное функционирование ИТ-инфраструктуры Заказчика и информационную безопасность компонентов ИС «ГКПР РК», включая физические и логические сервера, прикладное и системное программное обеспечение, в том числе в выходные и праздничные дни.

Функционирование прерывалось только в оговоренные периоды времени (технологические окна) для штатной перезагрузки операционных систем серверов после установки обновлений безопасности и текущих исправлений от производителя ОС Microsoft.

За отчетный период с 01.10.2022 по 31.10.2022 специалистами ТОО «Application Xpress» выполнены следующие работы:

1) восстановление работоспособности системы из резервных копий в аварийных ситуациях – *было выполнено восстановление БД из резервной копии за 26.10.2022.*

Протокол восстановления из резервной копии представлен в Приложении №7 настоящему отчету.

2) инсталляция и администрирование прикладного и серверного ПО ИС – *в перенастройке, установке и/или удалении программного обеспечения необходимости не возникло.*

3) анализ работы операционных систем серверов, в том числе сбор информации о занятости системных ресурсов: процессора, оперативной памяти, дискового пространства, сетевых интерфейсов и т.д. – *аномалий в работе операционных систем не выявлено, сбор статистической информации о занятости системных ресурсов осуществляется штатными средствами ОС.*

Протокол анализа занятости системных ресурсов представлен в Приложении №1 настоящему отчету.

4) анализ лог-файлов и списков событий, конфигураций веб-серверов, баз данных, операционных систем на предмет наличия ошибок, способных повлечь нарушение требований к информационной безопасности ИС и ее компонентов с последующим их устранением – *по результатам анализа системных лог-файлов и списков событий, который осуществляется на постоянной основе, критических ошибок, способных привести к полной неработоспособности системы, за отчетный период не выявлено.*

Протокол анализа системных журналов представлен в Приложении №2 настоящему отчету.

5) внесение изменений в конфигурацию эксплуатируемых сервисов, а также оптимизацию параметров работы системного программного обеспечения в случае необходимости – *внесений изменений в конфигурацию не требовалось.*

6) настройка механизмов отказоустойчивой работы системного ПО в соответствии с имеющимися вычислительными ресурсами (при необходимости) – *существующие механизмы отказоустойчивой работы системного ПО работают согласно текущей конфигурации, изменение настроек в отчетном периоде не требовалось.*

7) создание резервных копий (конфигурационные файлы, базы данных) проведение тестовых восстановлений из резервных копий в соответствии с регламентом резервного копирования:

А) *резервирование базы данных ИС «ГКПР РК» осуществляется ежедневно средствами СУБД.*

Вид резервного копирования – полное, место хранения – локальный диск сервера ИС «ГКПР РК».

В) Тестирование резервной копии БД ИС «ГКПР РК» – *проводилось тестирование резервной копии БД.*

Протокол тестирования резервной копии представлен в Приложении №8 настоящему отчету.

8) проверка наличия доступных обновлений для операционных систем серверов, баз данных, веб-серверов (критические обновления, квартальные обновления), установка протестированных обновлений – *выполнена установка доступных обновлений для операционной системы с предварительным их тестированием.*

Протокол установки обновлений программного обеспечения ИС «ГКПР РК» представлены в Приложении №4 к настоящему отчету.

9) настройка правил межсетевых экранов с учетом требований политики информационной безопасности и используемых в ИС типов удаленных подключений (в случае необходимости) – *межсетевые экраны работают в штатном режиме, актуализация правил доступа на текущий момент не требуется.*

Протокол настройки межсетевых экранов представлен в Приложении №5 настоящему отчету.

10) проверка антивирусной системы (состав, версии ПО, версии сигнатур) и настройка в соответствии с требованиями информационной безопасности – *проведено обновление версии антивирусного программного обеспечения. Антивирусные системы функционируют в штатном режиме, ошибок, сбоев и инцидентов ИБ не зафиксировано.*

Протокол обновления версии антивирусного программного обеспечения представлен в Приложении №6 к настоящему отчету.

11) обеспечение работоспособности геоинформационных сервисов - *работоспособность геоинформационных сервисов обеспечивается на необходимом для функционирования ИС «ГКПР РК» уровне, сбоев в работе сервисов не зафиксировано.*

12) поддержка работоспособности интеграционных сервисов, при необходимости разрешение вопросов по корректной работе сервисов совместно с разработчиком и участниками взаимодействия – *по взаимодействию с Е-статистика на тестовой среде был направлен запрос и получен ответ с ошибкой «Пользователь не имеет прав на сервис». По результатам проверки ожидаем ответа от АО НИТ. Проверка интеграционного взаимодействия с Госреестр – имеются ошибки на стороне ШЭП (Шлюз «электронного правительства»).*

13) устранение уязвимостей по результатам инструментального обследования АО «Государственная техническая служба» (далее – АО «ГТС») – *в течение отчетного периода запросов от Заказчика на устранение уязвимостей не поступало.*

14) Размещение информационного контента портала ИС «ГКПР РК» на Государственном языке – *на продуктивной среде опубликован перевод портала на Государственном языке (казахский) в полном объеме в части регионов и обалстей, а также внесены корректировки на главной странице в разделе «Обратная связь» изменение справочного номера организации, переименование города. Добавлен участник «Комитет рыбного хозяйства Министерства экологии, геологии и природных ресурсов Республики Казахстан», создана вкладка «2021 год» в Кадастрах недра, а также на портале ИС «ГКПР РК» размещены в виде выгрузки данные по общераспространенным*

полезным ископаемым и по твердым полезным ископаемым, исключая конфиденциальную и секретную информацию в соответствии с постановкой Заказчика.

15) проведение работ по интеграции ИС «ГКПР РК» с одной информационной системой государственного органа (при необходимости и в случае готовности государственного органа) – *работы будут проведены после получения от Заказчика сведений по передаваемым данным.*

Информационный контент портала ИС ГКПР в Приложении №3 к настоящему отчету.

16) обеспечение сохранности информации Заказчика и ее конфиденциальность, принятие и соблюдение условий договора о неразглашении конфиденциальной информации, предоставленного Заказчиком – *за отчетный период сохранность и конфиденциальность информации обеспечены как на уровне сопровождения ИС, так и на организационном уровне.*

17) консультационное сопровождение сотрудников Заказчика по вопросам обеспечения информационной безопасности – *консультационное сопровождение осуществляется по запросу Заказчика на регулярной основе.*

18) участие квалифицированного специалиста (-ов) на совещаниях и встречах с представителями уполномоченных органов в сфере информатизации – *в течение отчетного периода запросов от Заказчика на участие специалистов Поставщика на совещаниях и встречах не поступало.*

Протокол тестирования резервных копий № 1

Информационная система «Государственные кадастры природных ресурсов Республики Казахстан»

г. Астана **28.10.2022 г.**

Заказчик	РГП на ПХВ «Информационно-аналитический центр охраны окружающей среды» МЭГПР РК
Исполнитель	ТОО «Application Xpress»
Наименование устройств	Серверное оборудование ИС ГКПР РК (резервный сервер)
Вид работ	Восстановление из резервной копии БД
Основание	– Договор о государственных закупках услуг № 39-ГЗ от 7 июля 2020 года «Услуги по администрированию и обеспечению информационной безопасности информационной системы «Государственные кадастры природных ресурсов Республики Казахстан»
Компонент:	База Данных
Периодичность	1 раз в квартал
Место восстановления	Сервер ИС
Средства восстановления	Штатная утилита БД MongoDB – mongorestore, Windows Server Backup

Описание работ:

На виртуальной машине сервера ИС «ГКПР РК» (на продуктовом сервере) проведено восстановление БД ИС «ГКПР РК» из резервной. По результатам восстановления БД проведена проверка основных статистических параметров базы данных: количество коллекций, индексов и т.д. (см. рис. 1). Результаты анализа лог-файла процесса восстановления свидетельствуют об успешности процедуры восстановления: файл не содержит информации об ошибках.

Приложение 8
к отчету за период 01.10.2022-31.10.2022
«Протокол тестирования резервных копирований БД»

Протокол тестирования резервных копий № 2

Информационная система «Государственные кадастры природных ресурсов Республики Казахстан»

г. Астана **27.10.2022 г.**

Заказчик	РГП на ПХВ «Информационно-аналитический центр охраны окружающей среды» МЭГПР РК
Исполнитель	ТОО «Application Xpress»
Наименование устройств	Серверное оборудование ИС ГКПР РК (резервный сервер)
Вид работ	Тестирование резервной копии БД
Основание	– Договор о государственных закупках услуг № 39-ГЗ от 7 июля 2020 года «Услуги по администрированию и обеспечению информационной безопасности информационной системы «Государственные кадастры природных ресурсов Республики Казахстан»
Компонент:	База Данных
Периодичность	1 раз в квартал
Место тестирования	Тестовый сервер ИС
Средства тестирования	Штатная утилита БД MongoDB – mongorestore, Windows Server Backup

Описание работ:

На виртуальной машине тестового сервера ИС «ГКПР РК» (на резервном сервере) проведено восстановление БД ИС «ГКПР РК» из резервной копии и выполнено тестирование основной функциональности ИС. По результатам восстановления БД проведена проверка основных статистических параметров базы данных: количество коллекций, индексов и т.д. (см. рис. 1). Результаты анализа лог-файла процесса восстановления свидетельствуют об успешности процедуры восстановления: файл не содержит информации об ошибках.

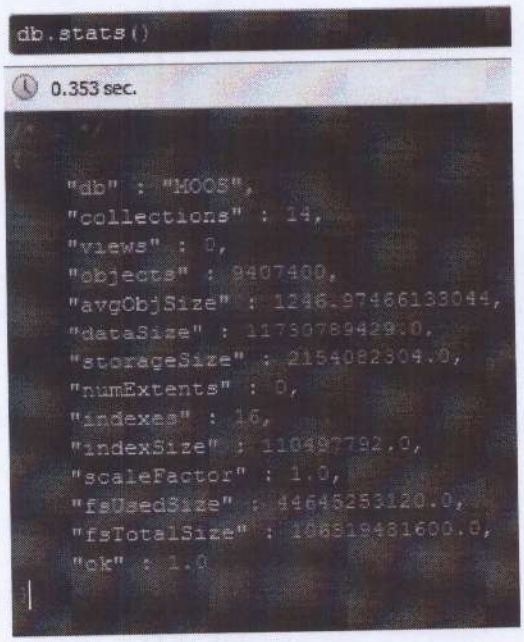

РИС.1
