Mr. Romeo Ramirez
Senior Director,
International Partnerships
ISTE+ASCD
rramirez@iste.org

Dear Mr. Ramirez,

The Joint Stock Company "National Center for Professional Development "Orleu" expresses its sincere appreciation for the established professional cooperation and constructive interaction between our organizations within the framework of the Collaboration Agreement dated January 19, 2026, which provides for the delivery of trainer training services and the certification of educators.

Unfortunately, we must inform you of circumstances that have arisen which affect the ability of the Company to continue the implementation of the aforementioned project.

Due to unforeseen financial constraints, the Company has faced a significant reduction in its allocated budget. The funding that had been planned and expected for the implementation of this project was ultimately not approved. As a state organization, the Company is largely dependent on decisions regarding the allocation of the state budget, and such decisions are beyond the direct control of the Company.

As the management of the Company, we made every possible effort to resolve this situation and secure the necessary financial resources, and therefore we maintained hope until the very last moment that the funding issue would be resolved positively. However, the final budget decision resulted in substantial cuts, and as a consequence the Company is currently facing serious financial limitations.

In view of the above circumstances and the inability to ensure the fulfillment of the financial obligations under the project in the planned scope, the Company, pursuant to Clause 2.2 of the Collaboration Agreement dated January 19, 2026,

which provides for the right of a Party to terminate the Agreement by providing written notice to the other Party, hereby notifies you of the termination of the aforementioned Agreement.

This letter shall constitute the official written notice of termination of the Agreement in accordance with the provisions of Clause 2.2 of the Agreement.

At the same time, we would like to emphasize that this decision has been extremely difficult for us. We highly value the cooperation established with ISTE+ASCD and the professional interaction between our organizations.

We sincerely hope that the current circumstances are temporary and will not affect our friendly and professional relationship. Once the financial situation stabilizes, we would be pleased to consider the possibility of resuming cooperation and continuing our joint work.

Thank you for your understanding, and we hope to maintain constructive dialogue between our organizations.

Chairperson of the Management Board **A. Shilibekova**
